

Visa Information for Travel to Australia

Do I require a visa?

ALL visitors to Australia must have a valid visa to travel to and enter Australia – except for New Zealand passport holders who will normally be granted a Special Category visa on arrival, provided they meet health and character requirements.

Visa options

If you are planning to visit Australia for a business event such as a conference, meeting or seminar, you need to apply for a business visitor visa. The passport, which you hold, determines whether you can apply online, or if you need to lodge a paper-based application. The following information will help you identify the right visa and application process applicable to you.

See: www.immi.gov.au/e_visas/evisitor.htm

European Union (EU) passport holders, and some other European passport holders, are eligible to apply individually online for an eVisitor visa to travel to and enter Australia. Each family member who holds a passport from an ETA eligible country and wants to travel with you to Australia must apply for their own ETA. This includes children under the age of 18 who are included on your passport. The most appropriate ETA for accompanying family members is the ETA (Visitor) (Subclass 976). Further information on the visitor ETA can be found on the website: www.immi.gov.au/visitors/tourist/976/
